- *The sale of family owned produce is allowed but is limited to immediate family (ie: mother, father, sister, brother.)*
- *There is a 150 mile limit for all farm produce brought to the Midland Downtown Farmers Market unless arrangements are made with the market director and the vendor has been approved by the MDFM Board.*

- *All produce brought to the market for sale MUST be grown in Texas.*

Once you have submitted your application, the market director will call you and set up a time to visit you at your farm. Please be sure that you or someone familiar with your farm will be available to conduct the tour of your farm and answer the questions that the farm visit team may ask.
